(National weighted  
average selling price.)

1/ Includes stock procured from other nurseries, as well as from state-operated nurseries.

2/ 29,700 plants distributed in Nevada by Utah C-M 4 program.

3/Data not available.

Kansas and Minnesota not in cooperative program. As stock was not produced under the cooperative program, these figures not included in grand total of columns 1, 2, 3, 6 or 7. Data for Kansas and Minnesota in all other columns are included in lump total.
